## Open Forum Slated On Sewer Program

The citizens' committee for getting information to the public about the proposed \$1.1 million sewer-injection project will hold a public panel discussion Thursday, July 11, at 8 p. m. at the Belle Glade City Hall.

The sewer project is the subject of a referendum at the municipal election September 10.

Members of the panel will be Frank C. Anderson, city clerk; Claude Jones, city attorney, who will answer any legal questions directed at the panel; E. C. Hodge, fiscal agent representative; and Frank T. Olsen, Jr., John H. Worth, representative for the city's consulting engineers, Russell and Axon.

This firm has been retained by city to draw plans for the water works improvement program and tentative plans for the sewer-injection project.

State Representative Emmett S. Roberts is expected to act as moderator. Questions asked from the floor will be properly channeled by Roberts to the panel members.

The committee members urge anyone with puzzling questions concerning the city's proposals should send them in advance to the city hall for a possible question might need advance preparation to be answered.

Other meetings are scheduled for August and September. In addition the committee will have an informative brochure to the voters; solicit questions for the August meeting; and canvass the city by blocks in order to get proper information to the public.

All city commissioners will be invited to attend the meeting.

## City Rec Program Draws 380 Youths

The Belle Glade Summer Recreation Program held in the Palm Beach Park here this week drew 380 youths to the mark-in enrollment this week as all ages of children joined in the activities offered by the PBC Board of Instruction in cooperation with the City of Belle Glade.

Coachin Maynor reports a great amount of interest being shown in tennis and he has been working diligently with the beginners and intermediate pupils.

Last week the wheel parade was postponed on account of rain. Today there will be a pet show at 3 p. m. if weather permits. The shows are always very entertaining and pets from the tiniest to some huge ones were entered last year. Ribbons will be given in the various categories.

Next Friday afternoon the special event will be a talent show, which should be a real bit of excitement. Parents are invited to come out to see these special events as well as visit the park at 3 p. m. and see what the performance of the kids.

In addition to making of figurines, weaving has been started by Mrs. Rudder in arts and crafts. Participation in marble playing is increasing daily and the children are looking forward to the marble tournament which will be held during the last week of the Summer Program. Mrs. Dorothy Jones is in charge of this game as well as the reading program and the showing of free movies.

Beginning Monday both boys and girls will go swimming to the Pahokee Pool, each day. Softball games with South Bay are held every Wednesday afternoon.

In addition to the instructors in the Summer Recreation Program, Mrs. C. W. McDougal, park superintendent keeps busy, assisted by Mrs. Glisson and Miss Jo Margaret Parson.

Two business permits were issued to the City of Belle Glade for \$98.131 and \$78.030 for swimming pools.

## Construction Rise Seen Over 1956

Construction valuation in Belle Glade shows a slight increase for the first six months of the year as compared to the same period in 1956, according to a report by Building Inspector W. L. Cunningham.

The total increase amounted to \$27,264.50. This year's six-month total was \$683,831.50 while the same period in 1956 was \$626,567.00.

The inspector's report for June shows 20 permits issued for a valuation of \$251,961. Fees amounted to \$486.85. May valuation was \$23,710.00 for 25 permits.

New homes for which permits were issued include a \$9,000 dwelling for Turner Wilford at 1305 SW Avenue C. Place and a \$4,000 dwelling for Homer Dorsey at 649 SW 7th St.

Permits for businesses include H. H. Harris (\$2,000), G. J. Torrence (\$8,000), W. J. Tillman (\$10,000), Robert E. Mills, Jr. (\$18,000) and James Oliver (\$18,000).

## We'll Be Closed

The Herald business office and printing shop will be closed from noon today until Monday morning at 8 p. m.

We're taking our Fourth of July holiday a little later to avoid some of the traffic.

See you Monday.

## Practice Fire At Water Plant Helps Firemen Train With Water Fog

A practice fire drill was held at the city water works Monday night and volunteer firemen were given a demonstration of water fog techniques according to Fire Chief E. W. Wally.

Many Belle Glade citizens thought the fire was "for real," but the building at the water plant was supposed to be demolished and the department decided to set fires within the building and practice extinguishing them.

The drill was quite effective, Wally said, and the new men got valuable experience. The firemen eventually let the building burn down after five or six minutes.

This was the second time in about 18 months that the fire department had a chance to practice firefighting on a real building. The experience gained might save a dwelling during an actual fire.

## Ticks Are Found Again In County

Officials of the Florida Livestock Board have discovered fewer ticks during a routine inspection of cattle in Broward and Palm Beach County according to an announcement made this week.

Arrangements for dipping the cattle are being made. As of Tuesday, about 140 ranches in 15 counties in south and central Florida including Palm Beach County, have been quarantined. Carl Langford, supervisor of tick eradication, said.

Due to the heavy infestation, a complete check of local ranches and livestock market officials are continuing the work. The exact amount of trouble in this immediate area was not known.

The livestock board is now faced with the problem of infested routes which may have traveled into and out of the infested area before the discovery was made this week.

The tick was first discovered in Palm Beach several weeks ago.

It was announced this week that horses and cattle are carriers of the tick and should be dipped if they are being moved from a ranch. Anyone who has a horse or cattle is forbidden to dip or spray animals without the knowledge and consent of the county health officer. His office is located in Okeechobee.

## Monthly Welfare Report Released

Thomas E. Penick, chairman of District Board 10 of the Social Department, Public Welfare, reported that in Palm Beach County 4,157 persons were assisted in the four categories of public assistance for the month of June.

## Candidates May File For City Posts On July 12

Candidates for the three expiring city commission posts will be eligible to qualify for the September 10 municipal election beginning July 12 according to City Clerk Frank C. Anderson.

The date for filing will be August 21, Anderson said.

Of the three commissioners whose term expires, J. Marvin Linvorn, Z. T. Ingram and J. H. Livingston, only Livingston has formally announced his intention to seek re-election.

## County RDB Holds Monthly Meeting Here Friday Nite

Following a recently initiated countywide holding of monthly meetings in the various communities of the county, the Palm Beach County Resources Development Board held its June meeting at the Belle Glade Coffee Shop Friday night with approximately 40 in attendance from all parts of the county.

This group of business men who spend many hours annually considering this county's welfare and growth is composed of three representatives from each community—15 in all—all of equal rank in voting. It is strictly non-political and is ready to aid materially any community effort to which it is not highly contravenient.

The RDB has been the "spark-plug" in the initiation and development of the flood control program, and is actively promoting the refinement of the operation of the entire county. Presently the board is promoting the consolidation of the territory bounded by I-8, Southern Boulevard and the county line into a unit of water resources control.

This organization has been in the forefront in securing the presence of Pratt Whitney in the county, and is following up on the matter. It is also organizing and supplying to the major industrial unit.

The influence of the RDB has been used in securing a settlement for the land owners on the Island in Lake Okeechobee. Financially, the RDB has organized some \$10 to \$150,000 annually, and the expenditure of funds is strictly controlled by an executive committee chosen from the board of directors and headed by Benice Benice.

Former presidents of the organization from Belle Glade include Joe Preston and E. E. Kirkman and Emmett Roberts with Herman Glasse being a vice president.

President Russell Tucker of the Belle Glade Chamber of Commerce was among local civic leaders to present Friday night and received the thanks of Manager Lamar Allen for the cooperation of the local chamber with RDB in all matters affecting the Glades.

"We want you to feel free to call on us, as you have in the past, to call on us for any assistance you may wish," Manager Allen told Mr. Russell.

## 175 Ely Facilities At Elks Teen Center

The boys and girls were a bit shy about joining in the big and square dance taught by Mrs. C. D. Snider at the Elks Club here last night when they realized how much fun it was, everyone joined in. So according to Mrs. Garold M. Snider, who is in charge of the club, the dance was a success and is sponsored by the Rotary Club.

Over 175 were in attendance last Friday night and enjoyed the games including ping-pong, pool and dancing. Some of the local college kids were also present.

Tonight Elks members on hand will be Paul Bowden, M. M. Sabiston, and Bob Golden, with Mrs. A. E. Kirkman and Mrs. Hubert Tillery, committee chairman in charge and chaperones, Mrs. Edward Lively and Mrs. Johnny Robinson, Mr. and Mrs. Frank C. Anderson also assisted last week.

## South Bay Girl Was Unconscious 30 Hours Following 20-Foot Fall

Twelve-year-old Cecilia Mathis daughter of Mr. and Mrs. Fred Mathis of South Bay, reported improving at St. Mary's Hospital, West Palm Beach, after suffering a skull fracture when she fell 20 feet from a tree at the James Summerlin home in South Bay Tuesday.

The unconscious child was rushed to Dr. Roy Brown's office at Belle Glade and then taken to Belle Glade Memorial Hospital. She was taken to St. Mary's later.

The accident occurred about 11 a. m. Tuesday and the girl remained unconscious until Wednesday evening at 6:30.

## Rabin Creditors Still Looking For Answers

A committee representing creditors of the Harold Rabin Co., Inc. met June 28 with a committee representing creditors of Rabin Sales Co. at which time a general discussion of their situations were discussed.

W. W. Weeks, trustee of the Rabin Sales Co., said that week that, "no real facts and figures were available."

Another creditor's meeting is planned for July 8, Weeks said. He and Harold Rabin had met July 3, but details of their discussions were not revealed.

Weeks said the Harold Rabin Growers Co-operative, headed by Sam Knight, would continue to operate.

## Roberts Speaks To Lions Club Here

Speaking before the regular Wednesday meeting of the Belle Glade Lions Club, Representative Emmett Roberts gave an address on the 1957 Florida Legislative accomplishments.

He pointed out that the major gains scored in the session were in the field of education. The record appropriations bill included about 400 million dollars for education—about 2/3 of the total.

The legislature, he said, seems to get credit for a few bad bills that sometimes get passed; however, little credit is given for the many bad bills that are not passed.

This session of the 1957 Legislature introduced with some 2,000 passing.

Legislation in other fields, Roberts pointed out, included a state building fund, nuclear development, a speed limit law, the abolishment of the sheriff's fee system and changing primary elections to September.

The Palm Beach County delegation passed some 19 local bills affecting the county.

Of particular interest to our area is the bill permitting the use of proceedings, except jury trials, to be held in the Glades sub-counties when it is completed.

Belle Glade, South Bay and Pahokee each had bills with charter changes to be voted on by the citizens in referendum.

Constitutional revision will be considered in a special session, probably in September.

On many issues confronting the session, constitutional revision at the regular session was most difficult.

In conclusion, Roberts said, the legislature worked long hours but many times lacked the necessary leadership to pass the better and more progressive measures coming before it.

## Dr. Earnest Herried Joins Clinic Staff

Dr. Earnest Herried, Jr., who has associated with the Glades Medical Clinic on Main St. with Dr. Roy Brown. Belle Glade is the doctor's first year of his internship and just completed his year's residency at Jackson Memorial Hospital in Miami.

He received his pre-medical training at the University of Illinois and his degree from the University of Vermont in 1955.

Herried, a native of Illinois, came to Belle Glade Monday. He is married and has four children, Christine, 9, Karen, 7, Earnest III, 2, and Cathy 1.

The family is living on W. Lake Road.

## More Folks Working Bring More Kids In School, More Phones, More Cash, More Work For Postmaster Summerfield

The penny-pinching, ostentatious and pompous postmaster general is getting some financial aid from the Glades in the form of increased postal receipts by almost 100% since 1950 to a present day total of \$110,000.

The Glades has grown from a population of 22,800 in '50 to 30,000 at present, and they had more than 1,500 more telephones now 3,600.

School kids increased in number from 4,700 in 1949 to 5,657 and 2,100 more folks had paying jobs for a total of 15,600 with a payroll of \$237,000.

The building permits issued from approximately \$1,000,000 in '50 to more than \$2,500,000 in '56.

The following is given as the source and amount of income to the Glades in the past operating year:

Agriculture	\$2,877,000
Retail Trade	\$1,000,000
Service Trade	754,000
Manufacturing	3,000,000
Wholesale	5,591,000
Miscellaneous	2,500,000

All this activity brought our combined deposits in banks and savings and loan up to \$16,300,000 from a figure of \$9,100,000 in 1949.

These figures were made available by Lamar Allen, Manager of the Palm Beach County Resolved Deposits and Board at a Board of Directors meeting held in Belle Glade last Friday night.

In the heart of the fabulous Florida Everglades where lush, green vegetation and the whole nation can be produced. Investigate our possibilities.

### Bowens, Takes Part In Atomic Tests

Cpl. Jesse L. Bowens, son of Mr. and Mrs. Sam Bowens, 2 Vanderschow, Belle Glade, took part in the first extensive troop exercise in the current series of atomic tests, on June 28, at Camp Desert Rock, near the Atomic Energy Commission's Nevada Test Site.

The 4th Marine Corps Provisional Atomic Exercise Brigade conducted the exercise in connection with a series of comparatively low-yield tests being held by the ABC and the Department of Defense.

The mobile brigade moved into a rapid assault against an imaginary enemy occupation force after the enemy had been hit with an atomic explosion.

Part of the brigade, using the Marine Corps' latest conception of "vertical envelopment," dropped on the enemy position by helicopter. The airborne paratroopers then joined up with Marines who moved on the objective in amphibious tractors and the Corps' newest armored vehicle, the "Ontos."

The brigade is using the tests to train Marines in physical protection measures and instruct them in the effects of atomic explosions on clothing and equipment.

Women Fined For Firearms Display

Two women were fined \$25 and costs or 30 days in jail on charges of illegally displaying firearms on July 1 according to Police Chief Charles Goodlett.

In one other action in connection with the case Bell Way was fined \$10 and costs or 15 days in municipal court Monday night for withholding information from police.

Police said that following an argument between Ever Lee Prince and Johnny Mae Hargary on SW 8th Street about 9:30 Monday, the Prince woman reported to police that the Hargary woman was planning to shoot her.

Both women had armed themselves with a rifle and shotgun respectively. Police broke up the fight before it started and confiscated the weapons. A. Way girl, daughter of Prince,

Another case of petit larceny was discovered this week by Constable W. L. (Buck) Lee. This time about \$10 was reported stolen from the Willie Lory residence at 63 Vanderschow, Okeechobee Labor Supply Center, on SR 80.

Constable Lee reported that some person gained entrance through a window sometime before 8 a. m. July 1.

The money consisted of pennies, nickels, dimes and quarters, Lee said.

This is just one more in a series of petit larceny cases being investigated by county authorities and Belle Glade police officers who report a rash of summertime larceny cases.

Don't Buy Any Car Before You Drive A Chevy... Its Best Showroom Is The Road.

Beauty in motion—Chevrolet All Sport Sedan with Body by Fisher.

Here's why Chevy's best showroom is the road!

Because Chevrolet's sleek good looks, its advanced features, its only part of the story. The big bonus is its remarkable roadability, the crisp precision handling that has posted an entirely new standard for cars in every price class. You can't read about that... but you can feel it in one minute on the road!

Good drivers know roadability is the single thing that means more

driving satisfaction for more thousands of miles than anything else. More safety, too, for it grants greater stability on curves, greater traction on wet roads, better "bite" under hard braking, more accurate steering. There are reasons for all this, of course—Chevrolet's balanced weight distribution that takes excessive loads off the front wheels, the wide stance of outrigger rear springs, Ball-Race steering, spherical-joint front suspension. Sure, you can admire the sculptured lines in the showroom. But Chevy's

a car specifically designed for beautiful motion—you have to travel in this one to know just how terrific it is. Try it, this week!

Funeral services for a long-time lake resident, Joe Van DeVelde, 61, of Lakeport, near Moore Haven, who died at an Okaloosa hospital Monday from a heart attack, will be held at 10 a. m. in the DeVilde residence in Lakeport.

Reverend John C. Petrie, vicar of St. Martin's Episcopal Church, Clewiston, will officiate assisted by Reverend Billy Osceola.

Graveside military rites will be held at Oak Ridge Cemetery, Arcadia, conducted by the Moore Haven and Clewiston American Legion posts. Members of the Moore Haven post will act as pallbearers.

Van DeVelde was a resident of the lake area since 1914 when he came here from Chicago. He was a native of Aurora, Illinois. He was owner and operator of Joe's Fishing Camp at Lakeport.

He is survived by his wife, three daughters, Mrs. Martha Wooten of Baltimore and Miss Margaret and Miss Jane, both of Lakeport; a brother, Fred, Lakeport; and a sister, Mrs. Mary Harden West Palm Beach; and four granddaughters.

He was a veteran of World War I, a member of the Moore Haven Chamber of Commerce and an honorary member of the sheriffs association. Futch Funeral Home, Clewiston, in charge of arrangements.

## HURRICANE SEASON

(Continued from Page One) ready is left to the Glades committee, so that Glades folks know that whatever emergency arises will have planned action.

It was pointed out that the greatly increased number of substantial concrete and steel buildings in the Glades lessen the likelihood of any community evacuation in the absence of some actual disaster.

The Glades Evacuation Committee has commitments from communities in the sandhill regions just north of us to receive and care for specified numbers of refugees should the occasion arise. Among those are Lake Placid, Sebring, Avon Park, Lake Wales, Winter Haven, Lakeland and Okaloosa for a total of 7,200.

Police, constables, sheriffs and the Florida Highway Patrol have a well-organized plan to control traffic on main arteries as well as policing any reception area.

Modern airplane facilities, radar, radio-telephones and ham operators of both civilian and military organizations, regular and reserve have joined the weather bureau in the gathering and distribution of information concerning a hurricane during its formation, its progress and possible predicted course.

"It is a most satisfying feeling to know that we may continue our regular daily duties and have with the knowledge that modern science is at our fingertips with information at all times, and that should one of these 'yankers' hurricanes dip down on us we have trained organizations ready on a moment's notice to lessen the havoc and confusion, before and after such a visit," Chairman Jones told the group.

The overall Glades Evacuation Committee is composed of the following: in addition to the Chairman: William C. Young, Frank Dooley, and R. E. Hartard, Belle Glade; Paul Rardin, Canal Point; W. C. Allen, South Bay; W. Daniels, Lake Harbor; S. L. Crockett, Clewiston, and Mack Green, Moore Haven.

An outline of the organization of the local Disaster Committee will be given in future issues of The Herald.

**Now Janet Has A New Guitar Thanks To Our County Juvenile Agents**

A 15-year-old blind girl here will receive the guitar she wished because juvenile counselors heard about her wish.

Janet Barnwell, daughter of John Barnwell, 381 SE 3rd St., attends school in St. Augustine but spends the summer here. She didn't quite have enough money to buy that guitar. She sings and plays quite well, it is said.

Gene Duncan, juvenile counselor for the Glades presented Janet with the guitar as a gift from an anonymous West Palm Beach donor this week.

The donor contacted Janet Arnold, West Palm Beach assistant counselor, when it was learned that the young lady wanted a guitar.

An act such as that makes pretty good music in itself.

### Action Committee Pushes Economy

The Belle Glade Chamber of Commerce legislative committee acted on three proposals of the Hoover Commission report at the Tuesday morning breakfast held at the Belle Glade Coffee Shop banquet room.

The committee will recommend to their senators to support HR 7665 pertaining to a curtailment of the defense budget, and also that the senators support moves to abolish the postal savings system.

HR 7665 is a rider which calls for the reduction of the Defense Department appropriation from 36.1 billion dollars to the House figure of 33.6 billion dollars.

The committee will express its views to the national legislative delegation that the government should get out of the banking business by abolishing the savings system carried on by the post office.

In supporting HR 7665 the committee also favors legislation to curtail duplication of purchasing and warehouse of the Defense Department supplies.

## Your Library

Civilization actually rests on (1) the discovery of knowledge, (2) the conservation of knowledge, (3) the transmission of knowledge. The public library is, therefore one of the truly great creators of the set of civilization. It offers the organized experience of the race to you.

The Biography of Albert Schweitzer—This book is about one of the really great men of our day—a theologian, a philosopher, and a physician. He is one of the world's great organizers and perhaps the foremost living authority on Bach. Now at over seventy, he is spending a heroic and sacrificial life as a religious and medical missionary in French Equatorial Africa, working among the natives.

A Man Ten Feet Tall by Helen Topping Miller is a novel of the most memorable. The Art of Speaking by William R. Gordon and Biology by Ethel R. Hansauer are two volumes that have been added to our made simple Self-Teaching Library and which should prove of much help to adults in brushing up on their English and on biology, and especially for high school students who need to freshen up on their studies.

## Lake Discharge Discontinued At St. Lucie Canal

Effective at noon last Friday, 21 June 1957, discharge by way of the St. Lucie Canal to control Lake Okeechobee levels has been discontinued, Colonel Paul D. Trowler, District Engineer, Jacksonville District, U. S. Army Corps of Engineers, announced this week. Trowler said the discharge still continues by way of the Caloosahatchee river at the rate of about 3,100 cubic feet per second. The District Engineer said that cutting off the St. Lucie Canal discharge, which began during the week of 13 May 1957 as the result of continued heavy rainfall over Lake Okeechobee and its tributary areas, can now be effected because of the decline of rainfall over the area.

Trowler stated that the St. Lucie Canal discharge has not exceeded 2,200 cubic feet per second during the discharge period despite the fact that at one time an increase of up to 4,000 cubic feet per second was considered but did not have to be made. In announcing this cessation of regulatory discharge by way of the St. Lucie Canal he stressed the fact that any prolonged period of above normal rainfall may again require that St. Lucie Canal discharge be resumed.

Lake Okeechobee is now 13.2 feet above sea level, which is only slightly above the desired

lake level at this time of year. Trowler concluded.

## Jobless Benefits Rise At Local FSSES Office

Jobless payments rose 25 percent in May to \$916,632, covering 43,323 weeks of unemployment, reports Industrial Commission Chairman James T. Voeelle in a statement just released.

Only four Florida State Em-

ployment Service offices paid less in May than in April, Tallahassee, Panama City, Bradenton and Palatka.

Belle Glade payments rose to \$47,110 up \$2,659 over April, the report state.

Normal slowdown of the Florida economy at the end of the winter tourist season and increased unemployment in the citrus industry contributed to the higher payments on a statewide basis. End of the season

shumps accounted for the local decrease.

## Miss Elaine McCabe Receives BA Degree

The College of Arts and Sciences of the Catholic University of America on June 9th conferred the Bachelor of Arts degree upon Elaine C. McCabe, Belle Glade, Florida, daughter of Mr. and Mrs. E. A. McCabe, she majored in Speech Therapy.
